# Ku-ring-gai NSW Police Local Area Command (LAC)

**eNewsletter # 326 - 08 January 2018**

This weekly eNewsletter is compiled by Neighbourhood Watch volunteers as a service for residents in the NSW Police Force - Ku-ring-gai Local Area Command (LAC), which includes most of the Hornsby and Ku-ring-gai council areas. The eNewsletter is a new type of Neighbourhood Watch; utilising the available technology to keep people more connected and up-to-date with local crime and safety issues.

The eNewsletter includes a selection of posts from the [Kuring-gai LAC Facebook page](#) (also known as 'eyewatch'), primarily for those not familiar with Facebook. We add anything interesting from a Neighbourhood Watch point-of-view - this could be a local newspaper article, a roadwork warning, crime prevention tip(s), an upcoming Neighbourhood Watch meeting, Q&As from residents, or an item from an other Police command ("Crooks know no boundaries!").

🚓 Have you seen anything we should share with the community? [Please email](#) our NHW in Ku-ring-gai & Hornsby volunteers. We do value your contributions. Thank you for your support.

🚓 Please feel free to [share/forward this eNewsletter](#) with your friends, family, colleagues and neighbours.

**08 January from Traffic & Highway Patrol: About 2:54pm Saturday, Police from Macquarie Fields Highway Patrol attended the shopping centre at Oran Park after receiving a Triple Zero call about a distressed puppy locked inside a hot vehicle.**

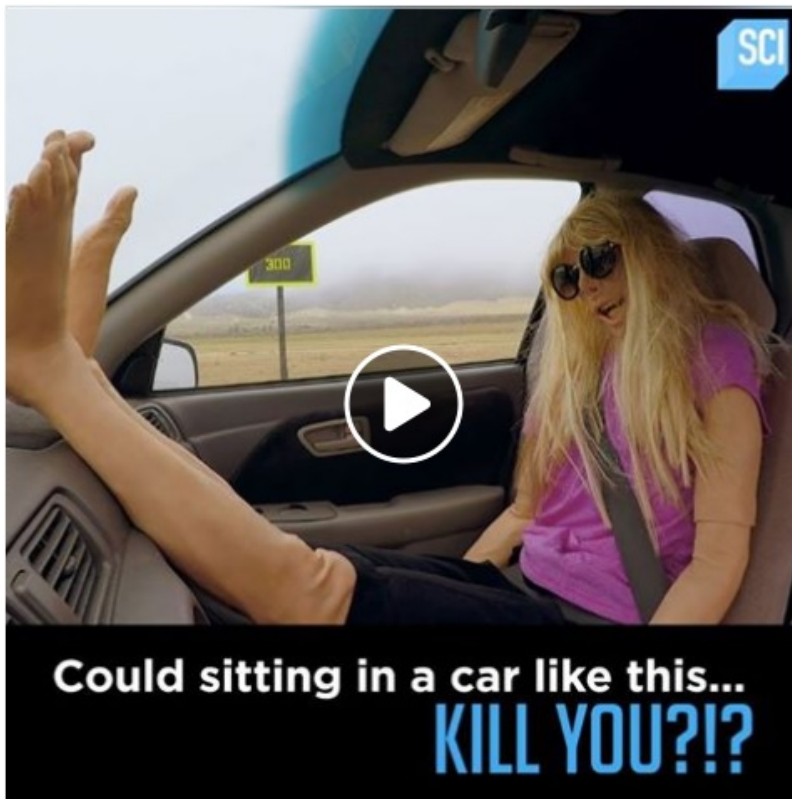

Police attended this location and smashed a window to retrieve the 7 week old puppy who was heat stressed. Police provided the dog with fresh water and some air conditioned comfort to assist in the dogs recovery. The NSW Fire Brigade arrived on scene about 5 minutes after the dog was removed from the car and they measured the inside car cabin temperature at 65' celsius, whilst the outside ambient temperature was approximately 40' celsius. With todays temperature expected to be in the mid 40's, it's a timely reminder not to leave children or animals inside an unattended vehicle. **#ahotdogisnotcool**

**3 January, from abc news: Documentary captures young drivers using phones, taking selfies behind the wheel**

What do you get when you take five young people and put cameras in their cars for 10 days? Shocking footage of the reality of mobile phone use while driving. Victoria's Transport Accident Commission (TAC) is so worried about young people's attitudes towards this phenomenon, it hired an Academy Award-winning filmmaker to expose the reality. "The results are pretty shocking," documentary maker Eva Orner said. "I think it's so much worse than we thought. And you don't realise how bad it is until you see it. "We told them we were going to put cameras in their cars and observe their behaviour, and just to act the way they normally did."

**[Edited]:** 28 killed in 18 days on NSW roads at conclusion of Operation Safe Arrival  
Tuesday, 02 January 2018 11:02:50 AM

Police are disappointed with the results of Operation Safe Arrival after 28 were killed during the 18-day operation. Disappointment often turned into frustration, as police continued to see drivers put themselves and other road user's lives at risk through dangerous decisions, despite numerous warnings and an increased police presence

on the roads. Deputy Commissioner Specialist Support, Catherine Burn, said lives will continue to be lost if the community doesn't work together and change their attitudes towards road safety.

### Where is the best crime prevention advice?

**WatchOut!** is an initiative of the Neighbourhood Watch groups within the Ku-ring-gai Police command. Thanks to Neighbourhood Watch Australasia's community funding, we have developed the **WatchOut!** website, which puts the best and most useful links right at your fingertips: [www.watchout.org.au](http://www.watchout.org.au). We've listened to your problems - there's so much great advice on the Internet that residents aren't aware of, or are unaware of how or where to access it. Let us help you.

- NEW '**WatchOut!**' website with an A-to-Z Index pointing to the best crime prevention information on the Internet.

From Teens to Fraud; from Seniors to Apartment Living; Identity Theft to Mailboxes – we have hunted out for you the most pertinent advice, alerts, and post-crime advice, particularly from Australian government departments and Non-Profit Organisations.

**Help us to improve 'WatchOut!'**. We'd love you to take a squizzy and give us your feedback, so's we can improve it ready for the formal launch in February.

- Contact us with your request for advice.
- Contact us if you find a good webpage we should share with the community.
- Contact us if one of our links is broken.

**06 January, from Mikala**

This is a long shot – however I need to try everything possible!

I lost a gold diamond tennis bracelet yesterday. It must have fallen off my wrist, could be anywhere between Hornsby and Circular Quay. I left work in Hornsby, drove to Killara where I caught a train into the city. I got changed next to my car in Killara, however searched and wasn't able to find it anywhere near my car (unless someone found it first?) Apart from financial value this has HUGE sentimental value to me and I am devastated. It's irreplaceable. If anyone found it, or anyone finds it / sees it, I will be forever grateful.

**05 January, from [Rescue Hub](#): 11 STRAY DOGS AND 1 SURRENDERED TODAY ALONE!**

If your dog is missing, and you're in the Hawkesbury, Hills Shire, Hornsby or Penrith council areas, PLEASE check the pound website by going to <http://bit.ly/HawkesPound> to see if your dog is there. 12 dogs entered the pound today alone, this is VERY BAD. In less than 24 hours, the pound went from about half full to now close to dangerously full. One more influx of dogs, and lives may be at risk. Please, for the sake of your own dog and other dogs who have been left behind by their owners, pick up your dog!
