

# Neighbourhood Watch in Ku-ring-gai and Hornsby

**eNewsletter # 358 - 20 August 2018**

This weekly eNewsletter is compiled by Neighbourhood Watch volunteers as a service for residents in Ku-ring-gai and Hornsby council areas. The eNewsletter is a new type of Neighbourhood Watch; utilising the available technology to keep people more connected and up-to-date with local crime and safety issues.

The eNewsletter includes a selection of posts from the [Kuring-gai PAC Facebook page](#) (also known as 'eyewatch'), primarily for those not familiar with Facebook. We add anything interesting from a Neighbourhood Watch point-of-view - this could be a local newspaper article, a roadwork warning, crime prevention tip(s), an upcoming Neighbourhood Watch meeting, Q&As from residents, or an item from an other Police command ("Crooks know no boundaries!").

🚘 Have you seen anything we should share with the community? [Please email](#) our NHW in Ku-ring-gai & Hornsby volunteers. We do value your contributions. Thank you for your support.

🚘 Please feel free to [share/forward this eNewsletter](#) with your friends, family, colleagues and neighbours.

## 17 August, from The Daily Telegraph: Police fury at drivers treating cars like homes

Drivers have been caught on camera applying make-up, studying textbooks, eating brekkie and handling their mobile phones while behind the wheel on some of Sydney's busiest streets. While simply touching a mobile phone in a vehicle can draw heavy fines and loss of demerits, it is not illegal for drivers to treat their cars like a bedroom, bathroom or even a study — and NSW police say they are fed up with the reckless behaviour.

### 16 August, from the Hornsby Advocate: CHANGES PROPOSED FOR DEADLY INTERSECTION [edited]

CHANGES will most likely be made at a deadly intersection in Hornsby following a safety review. Two pedestrians have been killed at the intersection of Peats Ferry and Bridge roads since December. An 81-year-old man was hit and killed by a bus in May and a 16-year-old boy was fatally struck by a truck in December, while crossing the road in his wheelchair. The RMS has been reviewing the intersection and has submitted a nomination to the State Government's Safer Roads Program to carry out work for improved pedestrian safety.

The potential changes include making traffic heading north in Peats Ferry Rd wait a little longer at the lights before turning right into Bridge Rd, where pedestrians now only have five seconds to cross before the lights change and drivers can turn across their path. A time frame is yet to be confirmed around when those changes could be made.

Meanwhile, police have finished an investigation into the first fatality in December with no charges made against the driver. The second incident, in May, is still being investigated.
