

Neighbourhood Watch in Ku-ring-gai and Hornsby

eNewsletter #414 - 17 September 2019

This weekly eNewsletter is compiled by Neighbourhood Watch volunteers as a service for residents in Ku-ring-gai and Hornsby council areas. The eNewsletter is a new type of Neighbourhood Watch; utilising the available technology to keep people more connected and up-to-date with local crime and safety issues.

The eNewsletter includes a selection of posts from the <u>Ku-ring-gai PAC Facebook</u> <u>page</u> (also known as '**eyewatch**'), primarily for those not familiar with Facebook. We add anything interesting from a Neighbourhood Watch point-of-view - this could be a local newspaper article, a roadwork warning, crime prevention tip(s), an upcoming Neighbourhood Watch meeting, Q&As from residents, or an item from an other Police command ("Crooks know no boundaries!").

- ⇔ Have you seen anything we should share with the community? Please email our NHW in Ku-ring-gai & Hornsby volunteers. We do value your contributions. Thank you for your support.
- Please feel free to share/forward this eNewsletter with your friends, family, colleagues and neighbours.

16 September, from Scamwatch: Threat and kidnap scams continue to target Chinese community

The ACCC's Scamwatch service is warning the Chinese community in Australia to be wary about two alarming scams that involve extortion via fake kidnappings and threats of arrest.

In 2019, Scamwatch has received approximately 900 reports about scams targeting the Chinese community, with losses totalling over \$1.5 million. This figure already exceeds total losses to the scam for 2018 which came to just under \$1.2 million. Losses have been experienced in NSW, Victoria, Queensland and Western Australia; however, the scam is targeting people nationwide.

"These scams are particularly distressing, and we're seeing a dramatic spike in the Chinese community being targeted. In July alone, the Chinese speaking community lost over three quarters of a million dollars. We've seen several individuals lose tens of thousands of dollars," ACCC Deputy Chair Delia Rickard said.

There are two main variations of this scam...

GALSTON A thief has stolen \$3000 worth of fire-extinguishing material at a nursing home and disabled the facility's firefighting capabilities in the process. Between 4.40pm on Friday and 8.45am on Monday a thief tampered with the fire hydrant on the premises. They drained and isolated it from water before removing three fire hydrant brass heads. Police suspect the person stole the brass heads to sell as scrap metal. Authorities worked to fix the fire hydrant as soon as possible.

WAHROONGA A home on Munderah St was broken into between 6.30pm and 9.30pm on Saturday. A burglar was able to enter the premises through a locked sliding door, though there were no signs of a forced entry. They then proceeded ransack two bedrooms before stealing several possessions, which mainly consisted of jewellery. The total value of the items stolen was \$1300.

MT COLAH Police are searching for a thief responsible for breaking into a home on Arthur Circle and stealing \$8000 in cash. About 12.40pm last Wednesday, the intruder forced their way into the home and proceeded to the home office, where the cash was stored in the office drawer. It appears the thief did not disturb any other room. Police from the Ku-ring-gai Police Area Command attended the address and canvassed the area.

COWAN The theft of two large copper coils and a large copper roll from an electrical power station within 20 minutes has been carried out by what authorities believe to be professionals. The heist occurred near the train station about 2.25am on Monday and required the individuals to have knowledge of working around electricity. Those responsible disconnected the large copper roll before escaping with it, alongside the two copper coils. The copper roll weighs 250kg and would require at least four people to lift it to transport. A short time later, the nearby railway line failed and trains were disrupted for about six hours. The total value of the roll and two coils was \$15,000. Police said an electrical power station in Richmond was hit in a similar fashion a week earlier.

WAITARA A car dealership on the Pacific Highway has been vandalised. Police were recently notified of the incident, which occurred at 1am on Saturday, June 29.

Two vandals graffitied a roller door to the car yard in red paint, which caused a damage bill of about \$2000. Police have obtained security camera footage.

Officers are currently reviewing the images and continue investigations.

ASQUITH Hornsby Fire and Rescue NSW crews responded to a small grass fire on the northbound side of the M1 Pacific Highway about 1.30pm on Saturday. When emergency service crews arrived they found an area of bush, about 50sq m, in flames. They were able to extinguish the fire a short time later.

DURAL The powerful winds which swept through Sydney late last week brought down a large tree on Coppabella Rd. The Hornsby State Emergency Service unit received the call for assistance, which was one of 77 requests in a little over 24 hours, with high-voltage wires fallen across the road. Crews remind people to remain at least 8m away from fallen power lines. On Sunday morning, the Hornsby unit was still waiting for power to be isolated at seven remaining jobs before carrying out works.

12 September, from NHW - Galston, Glenorie, Arcadia & Dural - Rural areas: My son's Ute was broken into last night and all his tools have been stolen.

11 September, shared from Pymble/West Pymble Community group: Hello neighbours!

I had a young man approach our house yesterday approx 2:15 pm stating he was a plumber however I had not called one. He was looking in our windows and did not expect me to be home. I was unable to get license plate details and he left quickly. Be vigilant!

And in the comments: We had a break in yesterday between 1:30ish and 2pm, and it was only last Friday that a man (with tradie uniform) came around to ask a very silly question!!! It was around the same time we believe the break in occurred a week later. Came around our backyard and inspite of people working in the next door house, no one noticed anything!

11 September, from NHW - Galston, Glenorie, Arcadia & Dural - Rural areas: Thieves have cut out back-flow prevention devices from farm water supplies over night leaving homes and busineses without water in Glenorie district and surrounds

FREQUENTLY ASKED QUESTION #2: WHAT SHOULD I DO IF I HEAR AN INTRUDER IN MY HOME?

Best advice is to scream, run and hide. Try and keep a line of retreat open at all times. If possible, lock yourself in a room. Barricade yourself in a room if you have to. Do NOT confront the intruder. PHONE 000. You might only have a few seconds to get the call in. State "I am at (give address) and there is person(s) on premises; I fear for the welfare of myself and family". Police will respond 'code red'.

Only fight an intruder if you have no other choice. Just think, if you get killed or incapacitated then who is going to protect your partner/kids, let alone support them if you die? Possessions are not worth dying for. Keep a pre-programmed mobile phone by the bed. And a large million candle power torch is recommended, as it has the added bonus of being able to blind an attacker. A flash (just a flash) of light in their eyes will rob them of their night vision, so they are going to be severely hindered if they try to run off in the dark, where as you have the advantage of knowing the layout of your place. When you flash, just-in-case, keep one eye shut.

If someone is prepared to enter a home knowing someone is in residence, it can be taken as a fact they would be prepared to confront anyone who challenges them.
