Ku-ring-gai & Hornsby**

**eNewsletter #701 - 18 March 2025**

This weekly eNewsletter is compiled by Neighbourhood Watch (NHW) volunteers as a service for residents in Ku-ring-gai and Hornsby council areas. The eNewsletter is a new type of Neighbourhood Watch; utilising the available technology to keep people more connected and up-to-date with local crime and safety issues.

The eNewsletter includes a selection of posts from our local police at the [Ku-ring-gai PAC Facebook page](#) (also known as 'eyewatch'), primarily for those not familiar with Facebook. We add anything interesting from a Neighbourhood Watch point-of-view - this could be a local newspaper article, a roadwork warning, crime prevention tip(s), an upcoming Neighbourhood Watch meeting, Q&As from residents, or an item from another Police command ("Crooks know no boundaries!").

🚗 Have you seen anything we should share with the community? [Please email](#) our NHW in Ku-ring-gai & Hornsby volunteers. We do value your contributions and thank you for your support.

🚗 Please feel free to share/forward this eNewsletter with your friends, family, colleagues and neighbours.

**18 March, Shared with permission from the Pymble and West Pymble Community Group:**

Hi if anyone has dash cam footage or knows of a driver in a white Ute, who crashed into a blue Suzuki on Ryde Road near Yanko Road. Wasn't able to identify the number plate as he took off. it happened on Monday 17th March around 8am-8:10am.

**17 March, from Neighbourhood watch (NHW) Ku-ring-gai & Hornsby (K&H): Neighbourhood Watch Ku-ring-gai and Hornsby is not expressing a political view.**

We know residents sometimes have problems with dog walkers not picking up and thought they needed a smile. We like the play on words that's all 😊

Please don't forget to use the bins when walking the Dog 🐕

**16 March, from Turramurra NHW: Shared with permission from the Hornsby /Waitara Community Group:**

Around 9:15 Saturday night 15/03 on Burns Rd, Turramurra heading towards Wahroonga. A Black Audi sedan Green P plater was driving behind me very close to my car and the minute we get onto the straight strip of double lines he speeds up to around 85km near missing a car coming other way up on the hill. If this is your child I would be very disappointed. Teach your child how to drive safely. I hope this reach's the parents and warns other people. Because not gonna is that person only gonna hurt themselves but also innocent people thanks to people driving like that.

---

**16 March, from NHW Ku-ring-gai & Hornsby: From the grapevine this week:**

**Boundary Rd, Wahroonga** - a door was left ajar to get the cat in for bedtime and cash, jewellery and a handbag were stolen. The handbag was found in a neighbouring street, with credit cards still inside.

**Aveo, Lindfield Gardens** - 3 units were entered into whilst occupants were sleeping with the door open and unlocked screen doors.

Please lock all doors and windows at night, even when hot. Don't rely on a fly screen - it should be a security screen. You can buy window locks that can secure a window in an open position with the maximum-recommended 10cm gap. 🙄

**16 March, Shared with permission from the Hornsby and Surrounds Community Noticeboard Board:**

Hi all, Has anyone in the area had their tyres slashed recently? We have had two tyres on the one car slashed recently. Was interior of tyres so definitely intentional. Hadn't been out to the car for a few days so this must have happened in the past few days. Along Bouvardia St Asquith.

If you have any information or have a dash cam/house camera and were in that area recently/within the last week, please comment and I'll send you a dm, we would be most appreciative of any information!

Unfortunately this comes after someone hit and damaged-beyond-repair our previous parked car a few months ago in a very similar area (without a note left). Thank you!

**14 March, from NHW K&H: Gay and Julia spoke this morning at the West Ku-ring-gai Probus Club at Killara Bowling Club.**

They outlined what NHW K&H do, then answered questions and gave advice about crime prevention "hardening the target". Probus members made goodie bags with the "Our 20 Favourite Crime Prevention Tips" series, Little Black Book of Scams, No Junk Mail stickers, etc.

**Our Crime Prevention Officer, Senior Constable Gemma Stokes, gave this advice for the meeting:**

Be aware of people trying house and car doors. Always lock your doors.

Current issues with youth antisocial behaviour. Especially in Gordon.

Report. Report. Report.

New knife laws have given metal detector wands to officers, for use in certain places, eg shopping centres, stations. Now knives have tougher penalties.

**Some good questions at the meeting:**

How do you get a junction's traffic priorities changed? Email the Council's Traffic Committee, including explanatory maps and your suggestions. [krg@krg.nsw.gov.au](mailto:krg@krg.nsw.gov.au)

Do you need council permission to paint white lines at the edge of your driveway? No. Ku-ring-gai Council have supplied NHW K&H with the appropriate regulation, and fully support our loaning of kits to residents.

I keep getting asked for a birth date on company websites - what should I do? It is usually a required field, but not a legal requirement (such as for a government website), so simply put 01 January.

Have a look at the literature, plus request your Little Black Book of Scams, or No Junk Mail sticker via our website: [au-nhwkuringgaihornsby.org/take-it/](http://au-nhwkuringgaihornsby.org/take-it/)

**13 March, from Singapore Airlines: [Advisory]**

Effective 1st April 2025, Singapore Airlines customers will not be allowed to charge portable power banks via the onboard USB ports, or use power banks to charge their personal devices, throughout the duration of the flight. The SIA Group complies with the International Air Transport Association's (IATA) Dangerous Goods Regulations regarding the carriage of power banks, which are classified as lithium batteries. This means power banks must be carried in cabin baggage on all SIA flights and are not permitted in checked baggage. Customers may bring power banks with a capacity of up to 100Wh without special approval, while those between 100Wh and 160Wh require airline approval. We seek customers' understanding that safety will always be our top priority.

Other offenders are motivated by the nature of the content and will blackmail the victims into...
- Where:** Offenders will often contact potential victims through various **chat** mechanisms including online games. They will then encourage the victim to continue the conversation to another platform which allows for the sharing of images / video.
- Who:** Sextortion affects people of all ages and genders. Photos and videos of someone under 18 are considered **child abuse material**. ### 11 March, from 9News.com.au: Police say Sydney caravan discovery 'part of a fabricated terrorism plot'

Federal police have revealed the caravan filled with explosives found on the side of the road in north-western Sydney was a "fake terrorism plot" that aimed to cause fear in the Jewish community, but there was no risk of a mass casualty event. Police launched several raids this morning in relation to recent antisemitic attacks and arrested 14 people who were charged with 49 offences. While giving an update on the arrests, Australian Federal Police revealed that the caravan that was found full of explosives in Dural in January was an attempt driven by organised criminals to threaten the Jewish community rather than stage a terror attack...

**From NHW in Ku-ring-gai & Hornsby: "Our 20 Favourite Crime Prevention Tips for Fire Issues":**

**Tip #5:** Please be alert around schools during the school holiday periods and at weekends. Report any suspicious activity or groups of youths. Phone **School Security Unit: 1300 880 021**.

**Tip#6:** For businesses, include arson in your Business Risk Assessment Plan and include arson risk reduction strategies in your Risk Management Plan.

**Tip #9:** Maintain adequate levels of home and contents insurance. If you underestimate the value of your property, any payout may be reduced accordingly.

**Tip #11:** 'Vandalism-motivated arson' is a spontaneous category involving peer pressure. Be aware of unusual behaviour, and look for matches, lighters, cigarettes, spray paint cans, hairspray, perfume, tissues, or flammable liquids. Most fires occur in the evening or at night, Friday or Saturday.

**Tip #18:** Beware plug-in room sprays, wheat bags, room heaters, Christmas tree lights, and other notorious fire risk products. Subscribe to NSW Fair Trading alerts concerning dangerous products and product recalls: [fairtrading.nsw.gov.au](https://www.fairtrading.nsw.gov.au).
