

# Neighbourhood Watch Ku-ring-gai & Hornsby

**eNewsletter #709 - 13 May 2025**

This weekly eNewsletter is compiled by Neighbourhood Watch (NHW) volunteers as a service for residents in Ku-ring-gai and Hornsby council areas. The eNewsletter is a new type of Neighbourhood Watch; utilising the available technology to keep people more connected and up-to-date with local crime and safety issues.

The eNewsletter includes a selection of posts from our local police at the [Ku-ring-gai PAC Facebook page](#) (also known as 'eyewatch'), primarily for those not familiar with Facebook. We add anything interesting from a Neighbourhood Watch point-of-view - this could be a local newspaper article, a roadwork warning, crime prevention tip(s), an upcoming Neighbourhood Watch meeting, Q&As from residents, or an item from another Police command ("Crooks know no boundaries!").

📧 Have you seen anything we should share with the community? [Please email](#) our NHW in Ku-ring-gai & Hornsby volunteers. We do value your contributions and thank you for your support.

📧 Please feel free to share/forward this eNewsletter with your friends, family, colleagues and neighbours.

### 08 May, from Christine Kay Mayor of Ku-ring-gai: 💜 National Domestic Violence Remembrance Day 💜

Today we honour the lives lost to domestic and family violence and marked this important day with the planting of a Tibouchina tree and unveiling of a purple seat at St Ives Village Green — symbols of remembrance, resilience and hope. Thank you to everyone who attended including fellow Councillors, Hornsby Ku-ring-gai Women's Shelter, Status of Women's Advisory Committee members, the Hummingsong Choirs, Kuring Gai Police Area Command and the community.

## 07 May, from Ku-ring-gai command: 🌸 Today marks National Domestic Violence Remembrance Day 🌸

Ku-ring-gai Police attended Ku-ring-gai Council's commemoration ceremony honouring the lives lost to family violence. A distinctive purple seat was unveiled by Mayor Christine Kay and Councillors at St Ives Village Green, accompanied by the planting of a purple-flowering Tibouchina tree. Mayor Christine Kay said the colour purple is an internationally recognised symbolic colour used to honour the lives lost in domestic violence across the country.

**13 May, from Hornsby Shire Council: This week is National Road Safety Week.**

Let's do our part to ensure road safety in Hornsby Shire. 🚗 Road safety is a shared responsibility. Let's take the pledge to:

- 👉 Drive as if my loved ones are on the road ahead
- 👉 Remove all distractions and never use my mobile phone while driving
- 👉 Never put others at risk by speeding, driving while tired or under the influence of alcohol or drugs
- 👉 Protect all vulnerable road users, especially those whose jobs place them in harm's way

Take a moment to reflect on your driving habits and commit to making our roads safer for everybody: [roadsafetyweek.com.au/](https://roadsafetyweek.com.au/)

**10 May, Shared with permission from the Lindfield/ East Lindfield/ Killara/Roseville Community Group yesterday (Friday):**

I have just witnessed a rather concerning incident down at the Lindfield Shops at 7 pm on a Friday night (tonight). A group of 4 to 5 boys about 16 years old, all well dressed in black and navy, puffer jackets and 2 with caps on - they strolled into IGA then walk out arrogantly with gum, drinks, packets of chips, tomato sauce and probably more in their hands - stealing the lot! As I walk to my car I see the same group of boys in BWS one standing outside filming while the main perpetrator has a case of something under his arm and walks out stealing that too, vomiting everywhere as he departs the shop. They then headed up towards the station high-fiving and laughing at each other. I couldn't help myself and went into BWS and said - did I really see that just happen? They said yes, it happens all the time at least twice a week and more in the holidays.

This has been reported to the police.

Such a sad state of affairs with absolutely no one saying anything to these boys and me watching in shock at their complete arrogance. Obviously everyone too scared to say anything - me included, although I was certainly tempted!

### **09 May, from Hannah's Blue Butterflies Road Safety Awareness: CAN PRESCRIPTION MEDICATIONS AFFECT MY DRIVING/RIDING?**

The short answer is Yes. Always speak to your Doctor or Pharmacist if you are safe to drive while taking these medications.

Which medicines can affect my driving? Some medicines have side effects that can affect your ability to drive safely. It's illegal to drive under the influence of drugs. This means all drugs, whether they are:

- over-the-counter medicines
- complementary medicines
- prescribed medicines from your doctor
- illicit drugs

How will medicines affect my driving? To drive safely, you need to be able to see, think and react properly.

Some medicines, can affect these skills. If you are taking these medicines, it may not be safe to drive.

The risks of being affected by your medicines are greater if you are:

- taking more than one medicine
- drink alcohol while you are taking medicines

### **07 May, from Fire and Rescue NSW Station 037 Gordon: Charli the wonder Dog**

It was another busy night for Gordon's crew when just after 6:00pm they received a distressing call asking to help Charli. Charli's owner had rung triple zero to say that as they had left the elevator Charli had been caught inside, the doors had closed and poor Charli was now hanging by their lead. With all speed 37 crew made their way to the unit block thinking the worst. Gaining entry to the floor using specific entry tools firefighters made access to the lift whilst the very distressed family waited outside in the fire stairs. As the lift doors were forced there was no sounds from within but as a gap was formed a small bark came from inside. Finally firefighters were able to fully gain entry to the lift to find Charli had somehow survived relatively unscathed. After a quick check over and cuddle from his loving family Charli was taken to a vet to ensure no serious damage had occurred. Yeah Charli.

No sooner had crews packed up after rescuing Charli than the bells went off again. This time for a second alarm electrical fire in a electrical kiosk. Crews from Fire and Rescue NSW Station 050 Hornsby were first on scene and immediately started to evacuate the area and put in exposure protection measures. Fire and Rescue NSW Station 058 Beecroft soon arrived as backup.

This was quickly followed by Fire and Rescue NSW Station 040 Willoughby, Gordon's crew and Fire and Rescue NSW Station 042 Ryde. Eventually the complex operation was able to contain the fire leaving many residents off Bannockburn Rd and surrounds without power.

NSW POLICE FORCE CRIME PREVENTION SERIES

## Protect your property from trespass

The boundaries of your property are the first line of defence against unwanted trespassers. These uninvited visitors have the potential to cause loss or damage to your land, equipment and livestock which can be inconvenient and costly.

Police do not recommend approaching anyone on your land that you don't know. Take note of registration numbers, descriptions and any other information and immediately contact your local police.

While you can't be everywhere at all times, you can better protect your property and equipment from damage and theft by taking some simple precautions.

Here are some simple steps we all can take to better protect ourselves from this type of crime:

### Protect your properties boundaries

- **ALWAYS** maintain the integrity of your fences and gates
- **ALWAYS** invest in security measures around sheds, fuel and your farm house such as security lighting, alarms, dogs or video surveillance
- **ALWAYS** post "No Trespassing" and "Private Property" signs at entry points and near roads surrounding your land. [Livestock security pamphlet](#)

### Protect your property from illegal and irresponsible shooters

- **ALWAYS** use shooters from reputable Shooters Associations or ask each shooter to produce a reference from a farmer in your district and record their identification
- **NEVER** directly confront trespassers or suspected illegal shooters
- **ALWAYS** record details such as time and date, vehicle registration number, description, exact location and contact Police. Consider using a digital camera to record details of trespassers and illegal hunters.

### Protect your property and your local community

- **NEVER** advertise on social media your travel plans or periods of absence
- **JOIN** and encourage others to participate in a local Neighbourhood Watch group to protect each other's property [NHW](#)
- **ALWAYS** report suspicious behaviour to your local police
- **FOLLOW** and encourage others to like the NSW Police Force Rural Crime Eyewatch page on Facebook. [Rural Crime Eyewatch](#)

## From NHW in Ku-ring-gai & Hornsby: "Our 20 Favourite Crime Prevention Tips to Protect your Identity":

**Tip #3.** Never share your card PIN. Beware sharing the 3-4 digit Card Verification Value (CVV), usually on the back of a credit card. Immediately sign new cards.

**Tip #11.** Set your browser in 'incognito' or 'private' mode, in order to stop websites tracking you.

**Tip # 14.** Use a strong password on mobiles, tablets and laptops.

- Use (in order of strength) complicated passwords, or a pattern, or a PIN.
- Alternatively, consider using facial or fingerprint recognition (both strong). Note that the easiest (read 'laziest') method may not be the most secure - your devices can contain a HUGE amount of sensitive data about you, your home, your emails.
- Set a NEW strong password on devices such as CCTV cameras, baby monitor, Internet router, telephone answering-machine, smart TV, smart speaker. Look around your home!
- Download apps from only the official stores. Don't jailbreak your device.

- • Install the latest software updates and patches to your devices, as these help to stop viruses.
- • Also install firewall and anti-virus software on all devices, including your mobile phone. Set all updates to 'Auto'.
- • Before disposing of a device, remember to delete all personal information. For laptops, use the Wipe Disk or Reset features of Windows. For tablets and mobiles, reset to factory settings. (The reset will delete the encryption code.) For external hard disks or USB sticks, use data erase software or destroy with a hammer or drill.
- • For all touch screen devices, regularly clean the screen to remove tell-tale marks.

**07 May, from 9News.com.au: Damage bill for M1 scrap metal spill could be in the millions, says trucking boss**

The boss of a transport company at the centre of a mammoth scrap metal spill on a busy NSW highway said the financial toll of the accident could be in the millions. General manager of NJ Ashton Daniel Falconer said he has been overwhelmed with insurance claims from drivers who had their tyres shredded after the spill on the M1 motorway on the NSW Central Coast on Friday. Falconer explained that while the majority of the nearly 800 claims appear to be legitimate, he warned some people are lodging "dodgy" claims.
