

Neighbourhood Watch Ku-ring-gai & Hornsby

eNewsletter #733 - 28 October 2025

This weekly eNewsletter is compiled by Neighbourhood Watch (NHW) volunteers as a service for residents in Ku-ring-gai and Hornsby council areas. The eNewsletter is a new type of Neighbourhood Watch; utilising the available technology to keep people more connected and up-to-date with local crime and safety issues.

The eNewsletter includes a selection of posts from our local police at the [Ku-ring-gai PAC Facebook page](#) (also known as 'eyewatch'), primarily for those not familiar with Facebook. We add anything interesting from a Neighbourhood Watch point-of-view - this could be a local newspaper article, a roadwork warning, crime prevention tip(s), an upcoming Neighbourhood Watch meeting, Q&As from residents, or an item from another Police command ("Crooks know no boundaries!").

📧 Have you seen anything we should share with the community? [Please email](#) our NHW in Ku-ring-gai & Hornsby volunteers. We do value your contributions and thank you for your support.

📧 Please feel free to share/forward this eNewsletter with your friends, family, colleagues and neighbours.

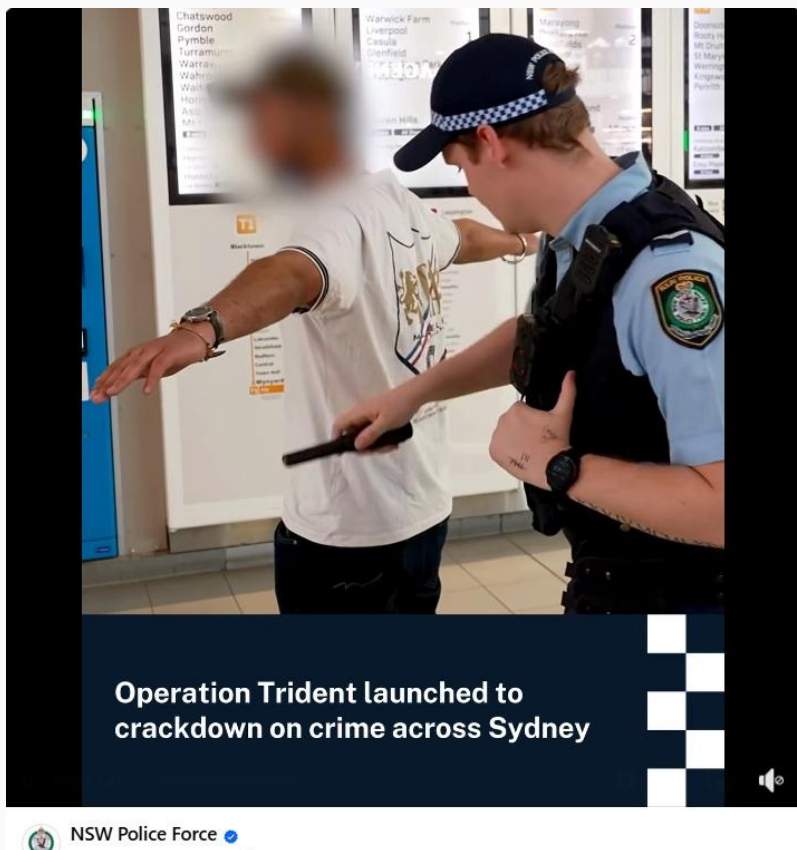

📧 Reading our eNewsletter for the first time? [Click here to subscribe](#).

28 October, from NSW Police: NSW Police have established a new high-visibility surge operation to proactively target offenders and prevent criminal behaviour, with 95 arrested and in excess of 200 charges laid during the first crackdown.

"This operation shows how we can proactively use each region's officers and resources to enhance our police response in a targeted way." Assistant Commissioner Gavin Wood said.

26 October, from The Hills command: 🚨 Real friends look out for each other.

If you see something dangerous, say something.

It's not snitching — it's protecting your people. 💬👊

22 October, from Ryde command: **BUSINESSES BEWARE!**

Police are warning members of the public to be on alert after counterfeit cash has been reported being handed to businesses in the area.

Counterfeit \$50- and \$100-dollar notes have recently been handed to businesses in the area. Officers have seized the notes and inquiries are now underway.

Tips from NSW Police to spot a counterfeit note include:

- - Feel the note. A genuine note is printed on special plastic polymer and is difficult to tear.
- - Hold the note to the light and look for the Australian Coat of Arms. This is generally located to the left of the clear window, or denomination numeral when looking at the front of the note.
- - Feel for slightly raised printing on the main design of the note.
- - Look for the seven-pointed star inside a circle.
- - Compare the background printing - look for any distortions or less clearly defined patterns.
- - Check that the note has a clear window and that it has a clear printed image: \$50 has the Southern Cross and the \$100 has the lyrebird.
- - If possible, look under a UV light to locate the serial numbers.

Anyone with information about this is urged to contact **Crime Stoppers: 1800 333 000** or nsw.crimestoppers.com.au Information is managed on a confidential basis. The public is reminded not to report information via NSW Police social media pages.

28 October, from The NRMA: Learner and provisional riders in New South Wales will soon be required to undergo more extensive training and testing, and wear more protective gear, as the state government rolls out the most significant motorcycle licensing reforms in nearly two decades.

[Here's](#) everything you need to know.

28 October, from NSW Maritime: 🚒 Our Expired Flare Collection Program kicks off next week!

👁️ Find your nearest collection site and mark your calendar so you don't miss out! 👉 [here](#).

⚠️ Reminder, It's an offence to ignite flares outside of an emergency, and expired flares must not be discarded in household waste or public bins.

28 October, from NSW Food authority: Food Recall: Golden Island - Pork Jerky Korean BBQ Recipe 410g is being recalled due to the presence of foreign matter (metal).

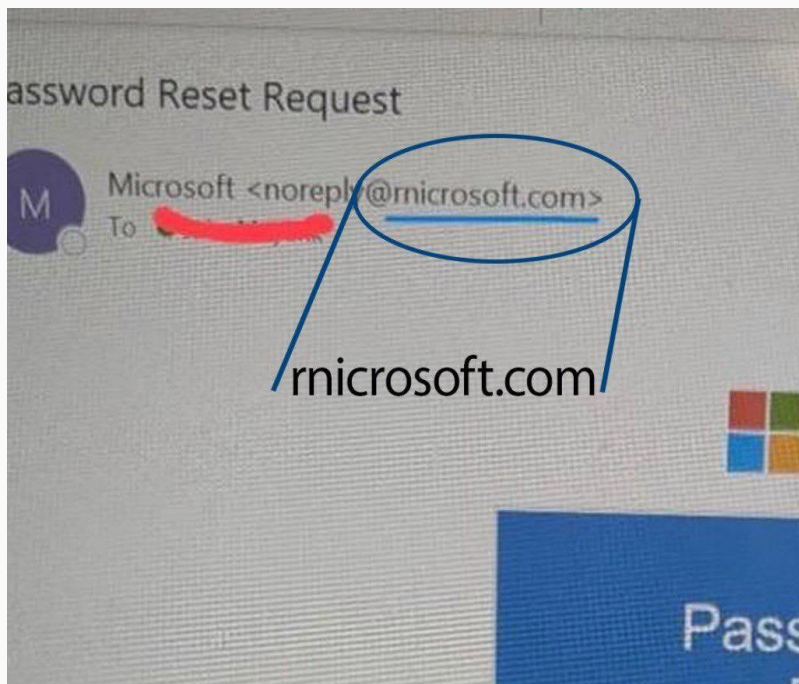

Sold: in Costco stores nationally.

Date markings: BBD 24/11/2025, 25/11/2025, 26/11/2025, 05/05/2026

For full details, see [here](#).

28 October, from Memenist: The scammers are evolving 🤖

Microsoft is spelled m i c r o s o f t.

28 October, from Legal Aid NSW: If you send, receive or ask for a naked or sexual image of someone who is or appears to be under 18, you're at risk of committing a crime and being charged.

Even taking a sexy selfie of yourself while under 18 and keeping it on your

phone could lead to a criminal charge, even if you never share it.

Learn more [here](#).

LEGAL OR NOT?

- 1** You're 16 and your BF asks for a nude. **It's NOT legal.**
- 2** Someone DMs you a sexy pic of their ex who looks underage and you keep it. **It's NOT legal.**
- 3** You ask someone online who looks over 18 to send a sexy photo but they're actually only 17. **It's NOT legal.**
- 4** You're 16 and take a sexy selfie, save it to your phone but don't send it to anyone. **It's NOT legal.**

27 October, Shared with permission from the Lindfield/East Lindfield/Killara group:

My car was involved in a hit and run near Killara High School this morning. It happened between the school and Bligh Street. If anyone was in the area and saw what happened, or if you have a dashcam that might have captured the incident, I'd really appreciate it if you could get in touch.

Thank you so much for your help!

27 October, Shared with permission from the Berowra Community Page group yesterday (Sunday):

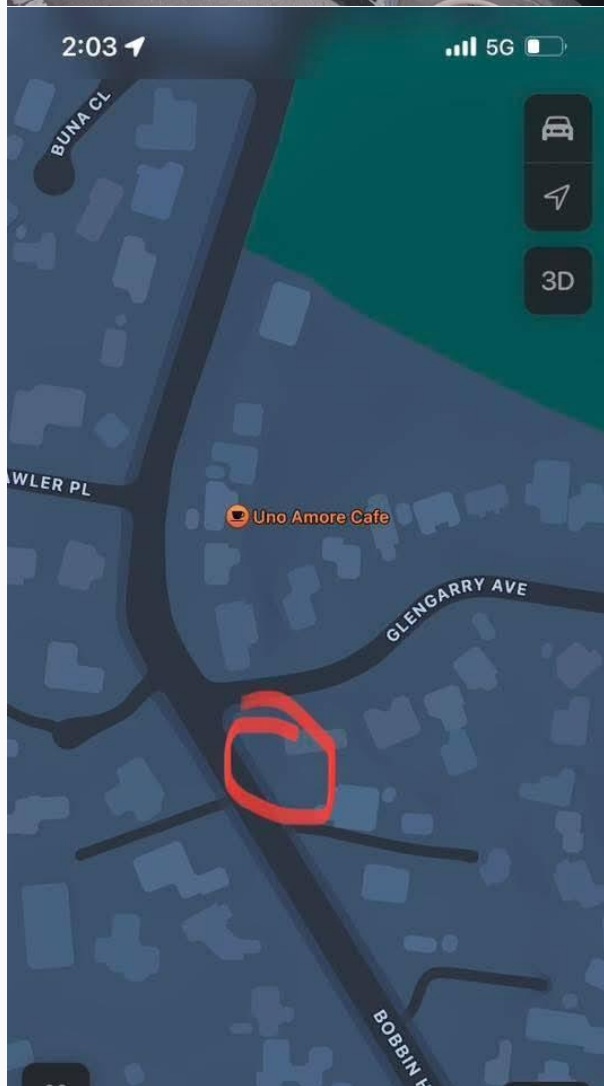

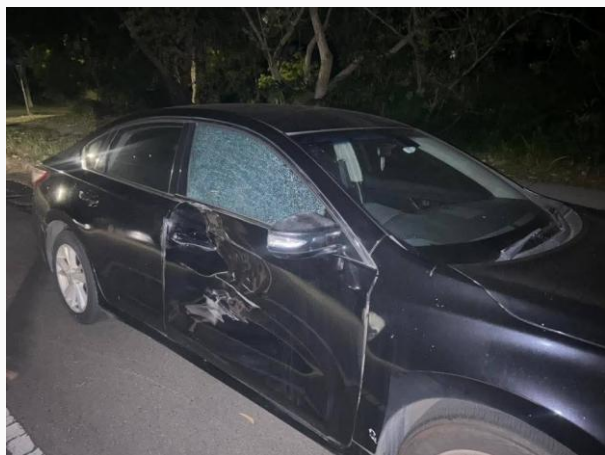

Unfortunate sight to wake up to this morning on Woodcourt Road. Assumed to have happened last night. No note left. Please if you know or witnessed anything contact me!

27 October, Shared with permission from the Turrumurra Wahroonga and Waitara Community Group yesterday (Sunday):

Hi Everyone, Looking for anyone who may have witnessed someone crashing into my car and not stopping last night on Bobbin Head Rd not far from the golf

course. If you did notice, pls contact me on 0466 552 605. Thankyou.

27 October, from ACCC Product Safety: 🎃 Don't let a hidden danger ruin Halloween! ⚠️

Button batteries in Halloween novelty items can cause life-threatening injuries. Before the trick-or-treating begins:

- ☒ Check battery compartments are screwed shut.
- ☒ Keep spare batteries out of reach.
- ☒ Follow the warning labels.

Let's keep little monsters safe this spooky season 🧛

25 October, from Hornsby Rural Fire Brigade: 🔥 Bush Fire - Emu Place, Hornsby Heights 🔥

Last night at 11:55PM we responded both our trucks to a report of a bushfire in Emu Place, Hornsby Heights. We arrived first on scene and investigated along the Waninga fire trail. We discovered an approximate 50m x 10m bushfire burning 20 metres from the trail and below a cliff. Due to the cliff, access to the fire proved to be challenging and so crews from Hornsby Heights Rural Fire Brigade, Berowra Rural Fire Brigade, Westleigh Rural Fire Brigade, Fire and Rescue NSW Station 075 Berowra and Fire and Rescue NSW Station 050 Hornsby were called upon to assist. The fire was declared fully extinguished just after 2:30AM.

It was also great to see some local residents were up and alert after receiving the notification of the fire on the Hazards Near Me app. Thanks to all brigades and members for their assistance! Crews will be out again today to patrol the fire.

24 October, from Hannah's Blue Butterflies Road Safety Awareness Inc: ARE STEERING WHEEL LOCKS EFFECTIVE?

Yes, steering wheel locks are effective in Australia as a deterrent to car theft, particularly for opportunistic thieves, because they are a visible, physical barrier that slows thieves down and makes a car a less easy target. While not foolproof and not as effective as modern immobilisers, a high-quality lock provides an extra layer of security and makes thieves think twice before attempting a theft, as it would require tools and make noise. To be effective, the lock must be used consistently every time the vehicle is parked.

How steering wheel locks deter thieves-

- Visual deterrent: The visible presence of a lock can make a thief look for an easier target that doesn't have a lock.
- Time and noise: Removing a quality lock requires tools and time, which attracts attention and increases the risk for a thief. They may opt for another vehicle to avoid this.
- Physical barrier: They physically prevent the steering wheel from being turned, making it impossible to drive the car.
- Additional security: They add an extra layer of security, especially for older vehicles that may lack modern electronic systems.

Tips for maximum effectiveness-

- Use it every time: A lock is only effective if it's used. Ensure you fit the lock to the steering wheel every time you park your car.
- Choose a quality lock: A high-quality lock with a strong, hard-to-pick key system is more effective. Some modern locks are more robust against cutting or grinding than older models.
- Combine with other security measures: Use a steering wheel lock in conjunction with other anti-theft devices, such as car alarms or immobilisers, for a more comprehensive security solution.

24 October, from Hornsby Shire Council: 🚒 Did you know we have our own fire truck?

It's already making a difference, helping us to deliver burns that reduce bush fire risk and support bushland regeneration. Over the past month our bush fire team has successfully completed four hazard reduction burns across the Shire. These important works help protect homes and bushland by reducing fuel loads and improving safety for more than 360 properties in areas including Hornsby, Cherrybrook, Mount Colah and Thornleigh.

With summer just around the corner it's more important than ever to be bush fire aware. A reminder that you should:

- ☒ Create a bush fire survival plan
- ☒ Prepare your property
- ☒ Stay informed
- ☒ Prepare an emergency kit

We're proud to be working alongside the NSW Rural Fire Service, Fire and Rescue NSW and local RFS volunteer brigades to keep our community safe.

📌 Learn more about fire management and how to prepare for bush fires [here](#).

24 October, from NSW Maritime: 🚤 Calling all jetski riders!

Here's your reminder for the weekend.

- ⚠️ Repeat offender - your licence can be cancelled. An authorised officer may seize and impound a PWC if it's used in an anti-social manner, such as being reckless or menacing.
- 🧺 Lifejackets on - always. You and your passengers, no exceptions
- 🚦 Keep a safe speed - stick to the limits, adjust to conditions
- li>• 📏 Know the distance rules to the shore, structures, other vessels and especially people in the water
- 🤝 Be respectful of other waterway users

Ride responsibly! 📖 Grab your PWC Handbook [here](#).

24 October, from NHWK&H: A huge thank you to Ray White Upper North Shore for sponsoring our weekly eNewsletter. 🍷

Ray White have helped for many years with the printing of the biannual newsletter in the Gordon/Killara/East Killara areas. Now that Neighbourhood Watch in these areas is no longer face-to-face and have moved online with us,

Ray White kindly offered to assist Neighbourhood Watch Ku-ring-gai & Hornsby with a MailChimp subscription.

We are very appreciative of the support given to the community, enabling residents to stay up-to-date. It's organisations like this that make a difference.

24 October, from NHWK&H: Taken from the eSafety Commissioner website: Distressing content

Online spaces should be safe for everyone, but you may sometimes come across content that is distressing – especially if it shows extreme violence or acts of terrorism.

This page has information about what to do and how to get support if you see online content that is seriously harmful and disturbing: www.esafety.gov.au/key-topics/illegal-restricted-content/distressing-content

Their website has advice, Fact Sheets to download, what eSafety can do, and how to report illegal and restricted content. There are many resources to view, for parents and carers, young people and kids, and educators.

As a parent/carer, this website is worth a view.

DATES FOR YOUR DIARY

 **Wednesday 29 October:** Get Ready Ku-ring-gai Street Meet 5:30-7pm. Gwydir Avenue Reserve, North Turramurra

Wednesday 26 November: FREE 10:15am-12:15pm @ Hornsby Library. 스마트폰 소개 – Introduction to Smartphones (TSS Korean). [Info & Bookings](#).

24 October, Shared with permission from the Thornleigh Westleigh and Normanhurst Community group: Fix the dangerous crossing on Buckingham Avenue

Hi Normo residents,

Many of us have long been concerned about the dangerous crossing at Buckingham Avenue and Denman Parade. A month ago, I submitted a Customer Service Request to Hornsby Shire Council about it, but I haven't received any response. I've now created a petition to rally community support and push for change. This intersection is especially hazardous during school hours, with children from the Normanhurst Schools navigating a chaotic layout where four roads meet at awkward angles. The current traffic island offers neither safe nor easy access for pedestrians.

We're calling on the council to reposition the traffic island to align with pedestrian pathways better, installing pedestrian-activated traffic lights, or creating a zebra crossing that gives precedence to pedestrians. 🙋 Our kids deserve a safe route to school. Let's unite as a community and demand the safety upgrades we need.

🙋 Please sign and share the petition [here](#). Thank you for standing up for safety and supporting our local families!

23 October, from Hornsby Shire Council: A business in Harris Park was fined after bags of rubbish and furniture items were dumped in bushland in Galston and Arcadia.

Two “Provision of Information Notices” were issued by Council’s Illegal Dumping Officer, but the business failed to comply with the notices. This resulted in an obstruction of Council’s investigation and delayed the clean-up of this waste.

The matter was taken to court where the offenders were fined a total of \$13,500 under a key piece of NSW State Government legislation (Protection of the Environment Operations Act 1997), before they cleaned up their waste.

⚠️ Illegal Dumping is a crime. You can help by reporting suspected illegal dumping on **13 70 30**.

Make sure to note as much information as possible, including:

- 👉 Date and time
- 👉 Location
- 👉 Type of waste items
- 👉 Details of any vehicles
- 👉 Description of the suspected offender

For more details visit [here](#).

22 October, from NHWK&H: Today we were involved with the 'Cyber Safety for Seniors' Forum at the Thornleigh Hillcrest Uniting Church.

A great turn out, great speakers and great questions. Thank you to all the agencies that made it possible and to the church for providing the facilities and yummy home-made catering.

Senior Constable Gemma Stokes, Crime Prevention Officer at Ku-ring-gai Police Area Command asked everyone to take home this - "Don't click on any suspicious links!"

Here are a few of the interesting Q&As discussed by the panel:

Q: You mentioned the use of a Virtual Private Network (VPN), antivirus software and password manager. How can we find a good one?

A: We are not allowed to recommend products. Read the reviews. Look for both good and bad reviews - more legit if both are there.

Q: Have you advice for those with eyesight, hearing, or cognitive decline?

A: Learn new technology every day. Try your local college, or council. "I may be old but I'm not stupid". The government's 'Be connected' website has a lot of self-training you can do at home. Services NSW has 'Digital coaching', eg how to create a myGov account.

For those with failing eyesight or hearing, a nominee can act on your behalf at Services NSW. If you aren't able to do things online, you can do things face-to-face or over the phone.

Request the hearing loop/national relay. Translation services are available. You can nominate a trusted person to act on your behalf. The government's ID Support website has a translate option.

Q: What should we do if we're hit with ransomware?

A: Do not pay. Disconnect the device and report to the police. Use the police community portal or phone the Police Assistance Line 131 444. ID Support can offer advice for the future.

Q: Must I scan my driver's licence to enter an RSL Club?

A: You have the option to enter your details manually. You can also get an Identity Card from Services NSW and offer that instead.

Q: How do I know if my device is compromised?

A: It runs slow and/or is overheating. (Means that something is running in the background.) Suspicious pop-ups are a sign of malware. A browser going to an odd webpage. However, these days malware doesn't want to be found and is more sophisticated. Look for unexplained account activity, eg changes to your account settings. Clean your device with antivirus software.

Q: How can I manage incoming calls?

A: Block unknown numbers. Many phone providers identify probable spam or suspected scam messages. The iPhone has a "call screening" setting, which asks unknown number callers why they are calling.

Q: Are QR codes safe?

A: Yes. Common now in public places such as cafe menus. Other places, look for spelling errors and stickers placed on top of the original QR code. Don't trust a random QR code on a post in the street. Check the preview web address (URL) before you click.

Thornleigh Hillcrest Uniting Church is hosting another forum in April with the help of the police. It is for parents and youths, and addresses youth cyber security, cyber bullying and the use of AI. It is provisionally planned for 5pm onwards, including a bbq. More details will follow nearer the time.

Thank you to Gay and Julia, also Peter (Volunteer in Policing).

22 October, from the Australian Federal Police: Locked, loaded and seized. 🚔🔫

A targeted crackdown on illicit firearms has resulted in more than 1,000 firearms and parts being seized and 184 arrests, as part of a week of action involving border, law enforcement, and intelligence agencies across the country. There was a particular focus on privately manufactured firearms and 3D printed parts. Authorities seized 281 3D printed firearms, and privately manufactured parts – including a printer which was in the process of manufacturing a firearm part at the time of the warrant.

Imported firearm parts can be constructed with other privately manufactured parts, creating dangerous and untraceable weapons filtering onto our streets. The ABF will continue to work closely with our partner agencies to disrupt criminals seeking to obtain illegal firearms and firearm parts which can potentially harm the Australian community.

22 October, from 9News.com.au: Australians using certain Samsung phones have been told to urgently update or replace their devices because they may not be able to make triple zero calls.

Read more [here](#), including complete list of models (4 pages).

22 October, from NHW Victoria: Retail theft often goes unreported but every report helps protect your business and community [edited].

Here is a guide for you.

If you experience or witness theft:

- ◆ Employers: Support your staff to report incidents safely and record details.
- ◆ Employees: Don't confront offenders — report to police and **Crime Stoppers (1800 333 000)**.

As a retail employer,

- **Zero-tolerance policy** → Clearly display “abuse of staff will not be tolerated” signage.
- **Staff training** → Teach de-escalation strategies and when to disengage for safety.
- **Buddy system** → Never leave new or younger staff to close the store alone.
- **Incident reporting** → Keep a log of abusive customers and report repeat behaviour to police/security.
- **Support network** → Encourage staff to speak up and provide access to counselling or support services if needed.

**Crime
Prevention
Month** Oct
2025

Supported by

As a retail employee,

- **Trust your instincts → If someone is aggressive, don't try to "win" — step back and stay safe.**
- **Use calm language → Lower your voice, stay respectful, and don't escalate.**
- **Know your rights → Your workplace should have a zero-tolerance policy for abuse.**
- **Ask for backup → Call a co-worker or manager if you feel threatened.**
- **Aftercare matters → Report the incident, and if shaken, seek support from your manager or services like Lifeline 13 11 14 or 1800 RESPECT**

**Crime
Prevention
Month** Oct 2025

Supported by

22 October, Shared with permission from the Gordon Community Group yesterday (Tuesday):

Just a note to illegal dumpers.

Please refrain from doing this. We live in this community and should be proud of our streets. Pretending to be ignorant is not an excuse. Just make a council booking and follow the rules. You are spending more time driving around your own neighbourhood looking for a place to dump your waste.

If you attempted to dump in St. John's Avenue this evening, we have your vehicle registration which will be forwarded to council.

22 October, from NHWK&H: Do you know about ID Support available to you from the NSW government?

Take a look at their website [here](#) before you become a victim.

What is ID Support NSW?

- ✓ ID Support NSW helps people restore their stolen or misused identity documents with its team of trained advisors.
- ✓ ID Support NSW shares free resources and tools with individuals, groups, and small businesses to protect against identity theft and data breaches.
- ✓ ID Support NSW supports NSW government departments respond to data breaches and notify affected individuals.

What is the impact of identity misuse?

The government's Office of the eSafety Commissioner has a 'Be Connected' program.

Each week we will share a course that may help you. They are often designed especially for the elderly.

Android phone: Security and privacy

Learn how to keep it secure to protect your privacy. In this course, you'll learn how to set up and test a Personal Identification Number, or PIN, and how to use the Fingerprint security feature to unlock your phone.

Learn more [here](#).

Android tablet: Security and privacy

Learn how to keep it secure to protect your privacy. In this course, you'll learn how to set up and test a Personal Identification Number, or PIN, and how to use the fingerprint security feature to unlock your phone.

Learn more [here](#).

iPad: Security and privacy

This animated course shows you how to secure your iPad with a passcode to protect your privacy. It also shows you how to change your passcode and set up Touch ID, which can be used for unlocking your iPad even if you have a passcode set up.

Learn more [here](#).

iPhone: Security and privacy

Learn how to keep it secure to protect your privacy. In this course, you'll learn how to set up and test a passcode or Face ID to unlock your iPhone, and adjust the time it takes to lock the screen after use.
